- Life Cycle Management Commands (Reach Back)

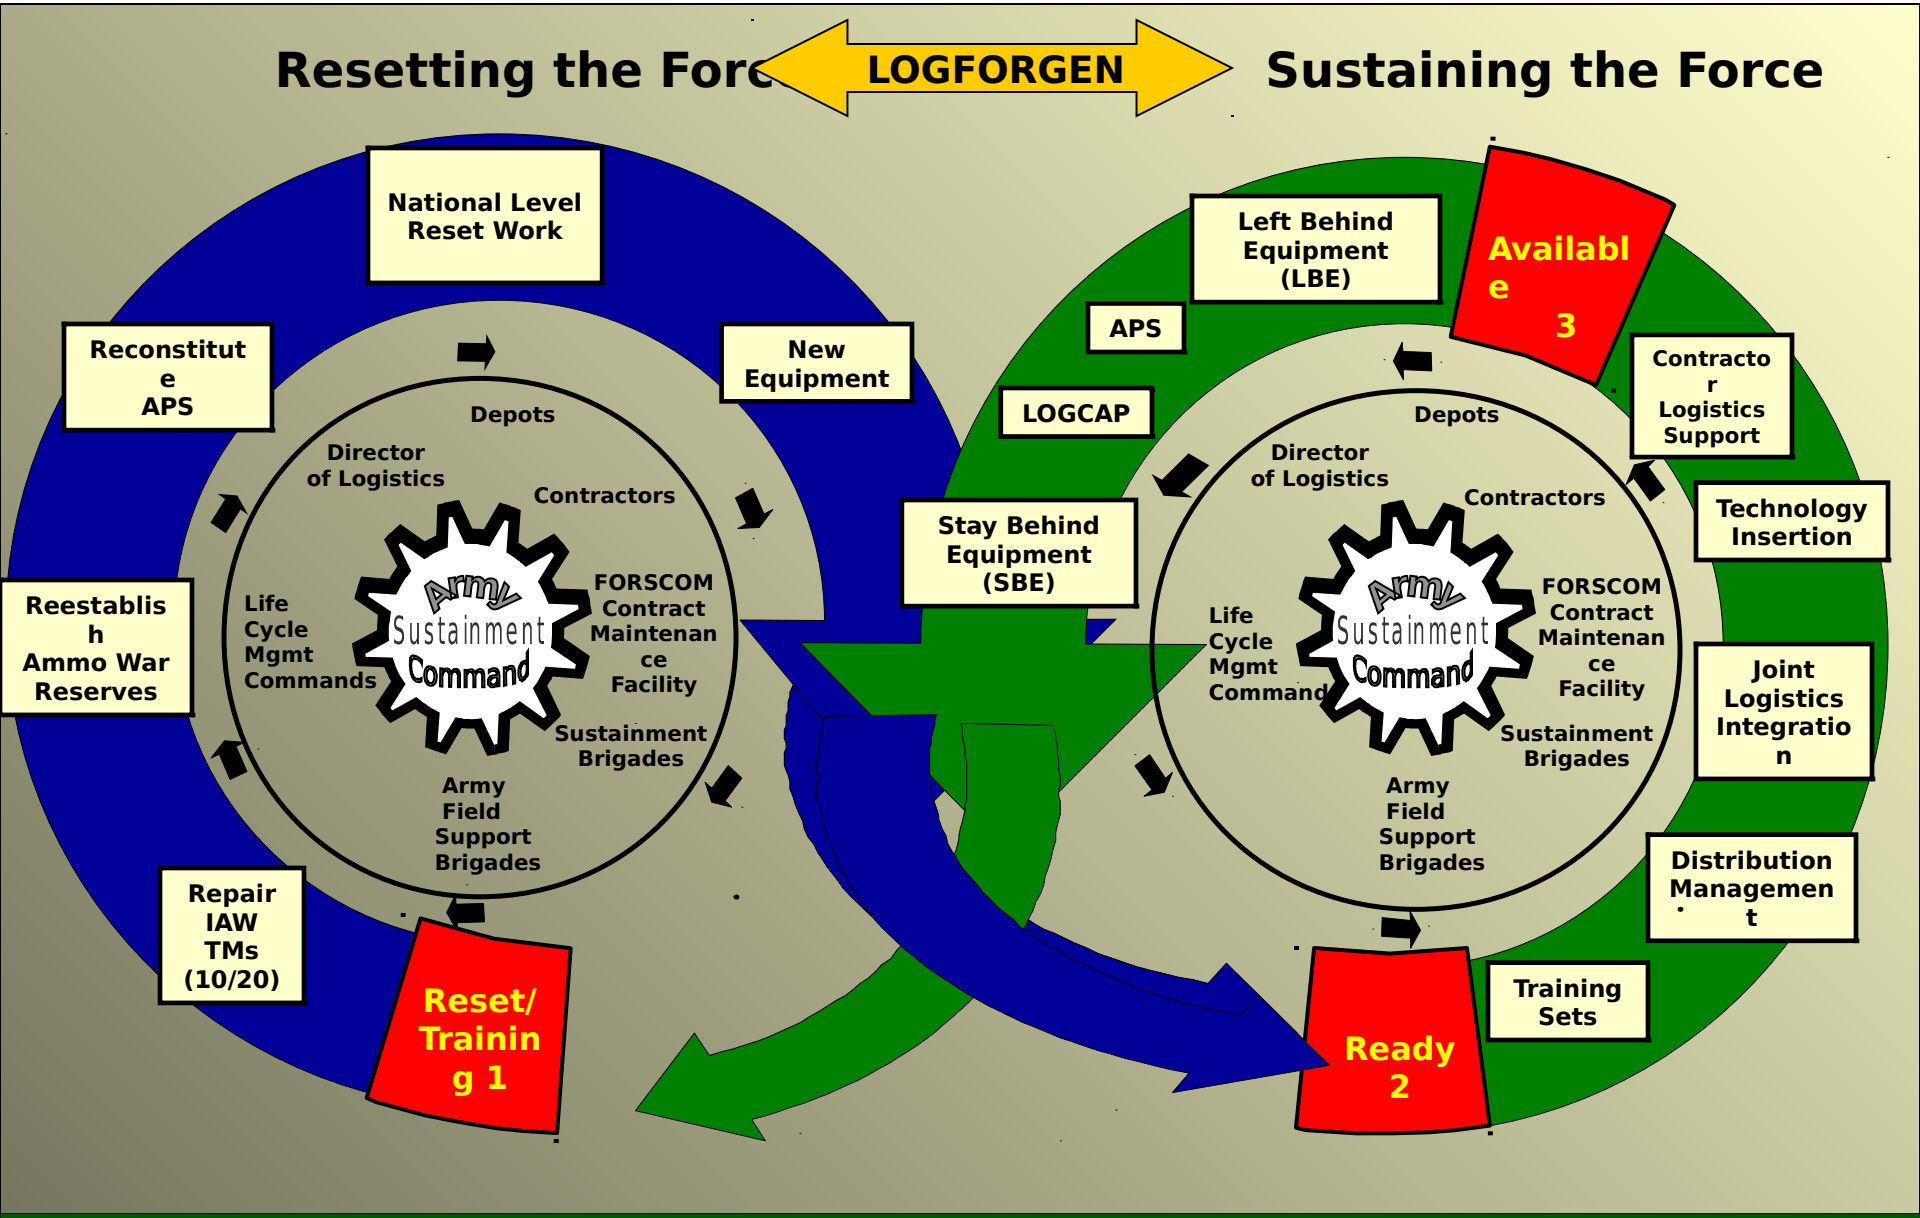
Advanced Strategic/ Operational Lift

Adaptable Leaders, Soldiers & Civilians

Joint Interdependence

AFSBs . . . Integrating Field Support with Acquisition, Logistics, and Technology

AMC Supporting ARFORGEN



Army Materiel Command: Logistics Synchronizer and Integrator for

New Maintenance Mission

- ✓ As ASC/ARFORGEN stands up, these appear to be the emerging missions:
  - Army Pre-positioned Stocks
  - National Level Reset
  - Theater Provided Equipment
  - Left Behind Equipment
  - Training Sets
  - Tactical Wheeled Vehicle Repair Center
  - Watercraft Maintenance
- ✓ If these materialize, what is the right acquisition strategy?
  - GMASS, OEMs, Other?

Back Up Slide
